

1 July 2003

12th World Corriedale Congress

The Corriedale Breeders Society of Uruguay has the pleasure to organize the 12th World Corriedale Congress at the Radisson Victoria Plaza Hotel, Montevideo, Uruguay, in September 2003.

The Organizing Committee hopes that this Congress will be a meeting point amongst Corriedale breeders from all over the world and an opportunity to update matters dealing with areas of production, research and technology transfer.

The dynamic of the event will be as follows: a) five-day field and technical tour visiting different farms around Uruguay; b) two days conferences given by invited speakers very well known around the world, held at the congress site in Montevideo, the Radisson Hotel, and c) three days for attending the International Rural Show, at the Prado, located also in Montevideo city.

We look forward to seeing you in Uruguay where we will have the pleasure to give you a warm welcome and hospitality, according to our country's tradition.
